

# HP Accessories. The perfect match for your PC.

Everybody On 

## HP Wireless Audio

Your music where you want it— wirelessly.

HP Wireless Audio transforms any PC(1) into a fully integrated wireless audio system. The same state-of-the-art sound delivered to 4 different locations in your home.

- **Impressive audio performance**

Uncompressed stereo sound. Zero lag time. No interference. Advanced 2.4GHz wireless connection. Thanks to HP Wireless Audio, your music, movies and games sound absolutely fantastic.

- **Powerful 4-zone range**

Turn your PC (1) into a full-fledged home audio system. Wherever you want it, you got it. HP Wireless Audio streams the same uncompressed sound to 4 different areas in your home— even outside. No room-to-room delays or distortions.

- **Very easy & direct set-up**

HP Wireless Audio connects in few simple steps. This state-of-the-art software is so intuitive, it automatically 'sees' your speakers and links them together. That's it. Pair it and forget it. Never connect them again.

- **Versatile compatibility**

HP Wireless Audio's exclusive technology brings out all the intricate details of your KleeNet Ecosystem. Or, plug in other types of speakers to the first receiver that offers 4 connectors: 2 analog, 2 digital(2).

- **Far-reaching 30m (100ft) span**

HP Wireless Audio streams your entertainment up to an incredible 30m (100ft) in any direction. This mind-blowing range transmits through walls and ceilings, around corners and even through windows (think party on your patio)(3).

- **Compatibility:** Any notebook with an available USB port

- **Recommended system requirements:** Requires Microsoft® Windows® XP, Win7, Vista™ operating systems.

- **Technical specifications:** Tri-band connectivity (2.4, 5.2, 5.8GHz); low latency; 30m (100ft) bi-directional range; 4 audio connectors: R/L analog RCA jacks, 3.5mm, mini TOSLINK, Coax RCA-style S/PDIF
